

Moorfield 5K (Beehive 5)

3.25 miles, 360 feet of ascent. Years active 2012 to 2016.

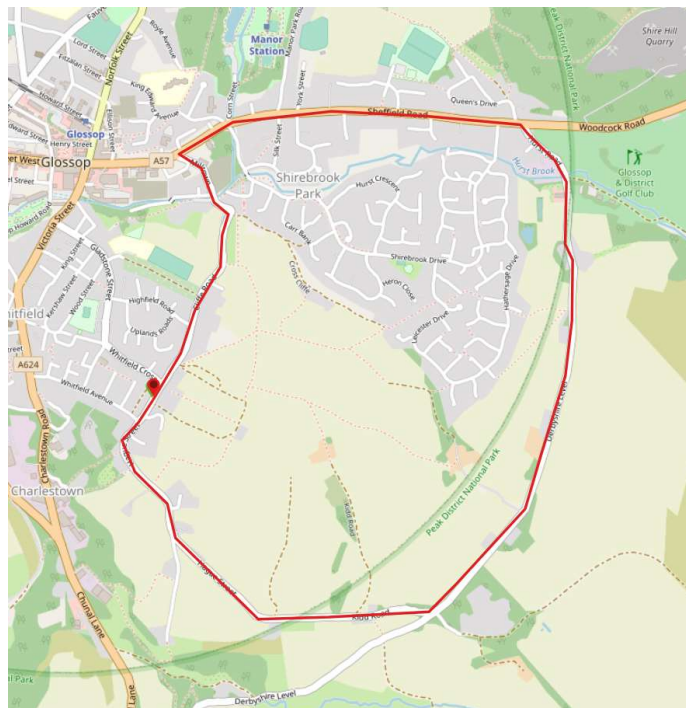

Information courtesy of Des Gibbons...

This race took place as part of the “Glossop Festival of Running” which was organised by Des Gibbons between 2012 and 2016, always in May. The other 2 races in the festival were Chunal and James Thorn Fell races.

Full results have been hard to locate, but the 2012 and 2015 results are attached, along with a promotional flyer put together by Des. The best results here are from the 2015 race, which was won by Alex Jackson of Stockport Harriers in 18:47. Glossopdale’s Ben Tetler came 4th in that race, although went on to win the 3-day series. The Fastest lady in 2015 was Julie Gardner of Macclesfield Harriers in 24:37.

Often referred to as the Beehive 5, the route was used regularly as a club time trial or handicap, and was resurrected after a long absence in 2020. Paul Peters took the honours for the men in 18:09, a minute quicker than his nearest rival, and beating the 2015 race winners time by 38 seconds. Lucy Wasinski was the fastest lady in 23:45, both of which appear to be an FKT, unless I can turn up the missing results.

The route starts and finishes directly outside the Beehive pub on Hague Street, making an anti-clockwise loop. Head South on Hague Street and continue along Kidd Road, turning left at the Moorfield Intersection onto Derbyshire Level. Along the Level and down the steep hill past the Golf Club. Turn left onto Sheffield Road and continue West, over the mini-roundabout and left into Milltown. Continue past the Prince of Wales and into the killer climb that is Cliffe Road, an ease to the finish at The Beehive.
